Players Of Week

Three featured players this week instead of two!! One a senior, one a junior and one a sophomore – but fans need no proof that fierce-playing Raiders can be found in almost every grade. (From left): Billy Guthrie, 75, and Dennis Wilkerson, 83 are "Linemen of the Week" for outstanding play against our Red Devil neighbors from Rustburg. Score 20-7. Guthrie is responsible for 9 individual tackles and put constant pressure on the Rustburg passer all night long. Dennis Wilkerson played defensive end and kept the Rustburg offense blocking. Mike Gallier, "Back of the Week" and a soph. did an excellent job of guarding Rustburg's spit-end says coach Jerry Robinson, Mike knocked down several passes, caught a punt in mid air and raced about 50 yards for the TD that put the Raiders ahead and put new life into the team. For all three - Dinner at Maude's.

Dodson Advocates Quality Education

Bertram F. Dodson, independent candidate for State Senate in the 18th senatorial district, in a campaign statement this week, "We must take whatever steps are necessary to assure a quality education for every boy and girl in Virginia. This standard must apply statewide, so that the children in rural, agricultural counties like those in our district will receive an education equal to the best anywhere in Virginia."

Dodson said that public school curricula must be strengthened to better prepare those students who are planning to continue their education beyond high school, "And we need strong vocational and technical training to help provide the job skills for those students whose formal education will end with high school," he said.

"In the counties of our district," Dodson said, "the percentage of high school graduates attending college is 38.3 per cent as compared with a 51 per cent state average. This points up the need for vocational and technical training for many of our young people, and emphasizes the important role that our community colleges can play in the life and prosperity of our people."

Dodson added: "I pledge my full and untiring efforts to the improvement and strengthening of public education in Virginia."

He further stated his opponent voted against "Quality Education" in the legislature this 19-71 session and "I ask you, do
